

Dear Maria,

The enclosed letter to Garrison you
can do as you please with. If you & Deborah do not oppose
of giving it to him, you need not but I think it
would be best. A difficulty will be raised, which
will put the Garrison Abolitionists in a disadvantageous
position in matters even as they are. We cannot
denounce Abolitionists who refuse to support the liber-
ator because of its peace. The Clericals can take shelter
under other objections than the true ones, & we shall be
playing into the hands of New York. If the Liberator
~~ever~~ ^{ever} ~~up~~ ^{up} its Peacock we come out the Emanci-
pator; if it don't, that will out the Liberator.
Mark my ~~now~~ words.

Yrs Anne Weston.
